Fall Conference & Webcast

on Children's Grief

NAGC'S half-day Webcast on Youth and Schools After a Tragedy

November is Children's Grief Awareness Month. Join us for this Live Webcast on Children's Grief!

For Children's Grief Awareness Month, Center for Hospice Care in collaboration with the National Alliance for Grieving Children will host a Fall Webcast on Children's Grief.

Supporting Youth and Schools After a Community Tragedy

Death, dying, and bereavement are unfortunate themes that appear almost daily in news headlines. Rarely is there any discussion on a national level as to how community tragedy impacts the lives of children and teenagers.

This webcast will provide insight into the challenges faced by children and teenagers impacted by a community tragedy.

Our presenters will provide practical information and advice for supporting children and teenagers in the aftermath of a tragedy. They will share information about how to talk to children about tragedy, how to engage the community, and ways to offer support throughout the grieving process.

Session I: "Lessons Learned to Promote Positive Outcomes when Responding to Traumatic Events" Presented by: Donna L. Schuurman, Ed.D.

Donna L. Schuurman, Ed.D. is Sr. Director of Advocacy & Training at The Dougy Center for Grieving Children & Families, since 1986. She has trained the NTSB and FBI's Rapid Deployment teams, as well as medical personnel, NGO staff and caregivers following major disasters around the world.
